Serving our local community of 20,000 patients, this large, recently merged and dynamic General Medical Practice is seeking an experienced manager with excellent communication and organisational skills to join our team and assist with further development. Candidates must have proven management experience and a firm understanding of strategic business management, finance, planning and HR.

You will have the aptitude to support practice engagement with the wider health economy as required, such as our Primary Care Network, our local practice manager network and secondary care providers, to ensure that we are consistently kept aware of best practice and new developments.

Interested candidates who possess the leadership qualities and skills essential for this post should contact rashad.mustafa@nhs.net for further information.

Salary up to £60,000 (pro-rata) per annum with option of partnership available based on mutual agreement for the right candidate.
